

IN THE CLAIMS:

Please cancel claims 1-2 without prejudice to or disclaimer of the subject matter recited therein.

Please add new claims 3-4 as follows:

LISTING OF CURRENT CLAIMS

Claims 1-2. (Canceled)

3. (New) A golf club bag comprising:

- a) a bag having a top opening and a bottom;
- b) a bending cable;
- c) a bottom portion connected to the bottom of the bag and having:
 - 5 i) a fixed portion; and
 - ii) a bending portion pivotally connected to the fixed portion by the bending cable, the bending portion is movable between planar and angled positions relative to the fixed portion;
- d) a pivotal section located on a top of the bag;
- 10 e) two symmetrical supporting arms pivotal between open and closed positions and having a first end pivotally connected to the pivotal section;
- f) an embedding element connected to the bottom of the bag;
- 15 g) two steel cables, one of the two steel cables is connected at a first end to the first end of one of the two symmetrical supporting arms and at a second end to the embedding element; and
- h) a fixing plate connected to center sections of the two steel cables, wherein, when the bending portion is located in the planar position, the two steel cables move the two symmetrical supporting arms into the closed position, and, when the bending portion is located in the angled position, the two steel cables move the two symmetrical supporting arms into the open position.
- 20

4. (New) The golf club bag according to claim 3, wherein the bag includes a lower opening in a periphery thereof, the embedding element is located on an interior of the bag, and the two symmetrical supporting arms extend through the lower opening.
